The Kawasaki KLR650 is a dual-sport motorcycle intended for both on-road and off-road riding. It was a long-standing model in Kawasaki's lineup, having been introduced in 1987 and remaining almost unchanged through the 2007 model. The 2008 model was the first significant redesign of the KLR650 since its inception. It was built with a 651 cc four-stroke, DOHC, dual-counterbalanced, single-cylinder, water-cooled engine. The KLR is widely used as an inexpensive adventure/touring bike. The addition
