### Mushrooms A Quick Reference Guide

The Mushroom Growers Quick reference guide is a first attempt at making it easier to grow mushrooms on the fly. Here it is: Sterilization Times. With sterilization times, your miles may vary, but the above times are a good place to start. You could probably get away with shorter times, but it is good to start by overdoing it, and backing it off a little until you find out a good time that works for you.

Appearance and taste: These mushrooms have an almost crunchy texture. Their arresting shape (long and fragile-looking) produces a showy garnish. Best uses: In stir-fries, to which they should be added at the last minute. Use raw in sandwiches and salads. Good to know: Trim stems 1/2 to 1 inch from the bottom before using the rest of the mushroom.

### A Guide to Mushrooms | Real Simple

Take a good look at the mushrooms in the photo above, noting that each of the caps is about four inches wide and that they were found growing on the forest floor amidst Eastern hemlock, white oak, American beech, and yellow birch trees. The cap color varies from pale yellow at the edge of the cap to yellowish tan at the center.
